

Jigsaw knowledge and skills progression: Dreams & Goals Ages 3-11(12)

Jigsaw, the mindful approach to PSHE is a progressive and spiral scheme of learning. In planning the lessons, Jigsaw PSHE ensures that learning from previous years is revisited and extended, adding new concepts, knowledge and skills, year on year as appropriate. The table below draws out the spiral knowledge and skills progression within the Dreams & Goals Puzzle (unit of work) including some of the new key vocabulary used in each year group and suggestions for Family Learning. Please ask your child's school for details of any adaptations they have made to the programme in line with their school policy as some of the content and vocabulary may have been changed or be taught in a different year group.

Please ask your child's school for details of any adaptations they have made to the programme in line with their school policy as some of the content and vocabulary may have been changed or be taught in a different year group.

DG	Knowledge	Social and Emotional Skills	Questions for Family Learning
Ages 11-12	<ul style="list-style-type: none"> Know what my dreams and goals are Know the steps I need to take to achieve my dreams and goals Know that, as my life changes, my dreams and goals may change too Can make a plan and adapt it when necessary Know how to use my experiences, including my mistakes and setbacks, to make appropriate changes to my plans and behaviour Know that there are intrinsic and extrinsic rewards and different types of motivation (coercive and positive) associated with different dreams and goals I recognise the commitment required to achieve my dreams and goals 	<ul style="list-style-type: none"> Able to take responsibility for my life, and believe that I can influence what happens to me Can discuss and set goals and challenges for myself Can break a long-term goal into small, achievable steps Can monitor and evaluate my own performance Reflect on any barriers to achieving a goal and identify how I am going to overcome them Recognise when I should feel pleased with, and proud of, myself and can accept praise from others Make wise choices where I look to long-term rather than short-term benefits and can delay gratification Have a range of strategies for helping me to feel and remain optimistic, approaching new tasks in a positive frame of mind 	<ul style="list-style-type: none"> What is your dream job and why? What skills do you already have that might help you get the job/career that you want? How do you feel about trying things that might go wrong? What skills would you like to improve? How do you celebrate achieving your dreams and goals? What do some people do when things go wrong? Is it helpful? What's another solution? What work skills do you think people need to be successful? What is most important to you? How do people measure success? How do you think we should measure success? What is delayed gratification? Do you think your dreams and goals would be different if we lived in another country? How can you remind yourself to not give up, even when things are difficult? How could you make a positive impact in our community? How can that help you with your dreams and goals?
	<p>In this Puzzle, pupils consider the skills needed for 21st Century employment and delve deeper into their own skill set and consider how to improve it. They consider what they have already achieved, what their goals and dreams may be, and how they can plan for success in the short and long term. Pupils explore what motivates us to keep focussed and what intrinsic and extrinsic rewards there may be for them. They plan the steps they may need to take to achieve their goals, identifying possible obstacles and developing strategies they may need to overcome these and remain positive. Pupils reflect on the 'blame' culture and why personal responsibility and optimism is strongly linked to successful outcomes. Failure is also discussed from a positive angle, and pupils discuss ways of moving forwards and celebrating success.</p>		
	<p>New key vocabulary that may be introduced: Coping strategy, barriers, setback, delayed gratification, benefits, coercive/positive motivation, intrinsic/extrinsic reward, setbacks, strategies, optimism, taking responsibility, locus of control.</p>
